On 22nd October, 11.00 am—3.00 pm, Life FM will be hosting the Life FM Community Festival at our station in Hendon.

There will be live music, stalls, amusements and tours of our studio. We are hoping to make as much of the event free so as to encourage and build community. There will also be an element of fundraising for the station to continue sharing a message of hope in the greater Adelaide region. We can't do it without your support.

We are reaching out to churches across Adelaide to come together on the day to help provide free fun activities for families and show Christ's love in a non-threatening environment. The big thing we need from you is volunteers. People who are willing to come and represent your church while helping run the lawn games and activities such as bubble-blowing, paper plane competitions and more. In fact, if you have an idea that you think would work great let us know!

This is an opportunity for the church to meet the people in the "marketplace". You would be most welcome to have promotional information for your church. We at Life FM long to see churches filled! We will also have stall space available for just \$200, so if you know any small business owners who would like to promote their business please pass my details on to them.
